Mrs.O'leary,

I am Vedrana Belin, attorney at law, Dubrovnik, Croatia, and I am representing Helena Schlachter .

It came to our attention that you are running a campaign against Helena Schlachter, Healing the Symptoms Known as Autism by Kerri Rivera, who is using CD (Chlorine Dioxide) as a form of helping autistic children to recover from autism. Helena Schlachter has proven in the court in Croatia (EU Court) that Chlorine Dioxide does no harm when used as advised in the protocol made by Kerri Rivera.

Helena Schlachter , mother of two autistic children, recovered one child completely with Kerri Rivera's protocol, and her other son is in much better condition, proven by laboratory testing by our doctors, and Helena Schlachter will continue the protocol created by Kerri Rivera, based on her experience, until her other son is recovered. Toxicology tests were made in Croatia on Chlorine Dioxide by forensic center Vučetić, Zagreb and Croatia HZZO, and no harm found for humans if taken at doses that are advised by Kerri Rivera's protocol based on her experience as a mother recovering her own child from autism.

There is a demand made that you immediately cease and desist from mentioning Helena Schlachter's name and her children in any social media, Healing the Symptoms Known as Autism, Kerri Rivera or parents using The protocol made by Kerri Rivera to help their children recover.

In the event that you do not comply with this demand, we intend to file an action against you for all harm you have done so far to Helena Schlachter and her family. We will ask for punitive damages and financial compensation for all that she has suffered with your harassment and your actions based on nothing. Your slanderous comments must end.

Accordingly, my advise is to hand this letter over to your legal counsel.

Regards,

Vedrana Belin
